I understand that this permit is a privilege granted which allows me to drive to school and park on designated school grounds. The permit will be for as long as I drive safely and observe state, local, and school traffic regulations as well as keep the information on this request as current as possible. I understand that **SCHOOL BUSES ALWAYS HAVE THE RIGHT OF WAY.**

I agree that if this permit is granted, I will park the described vehicle listed on the reverse side during the school day, in the parking lot assigned to me and only in that lot. I further agree to leave my car parked in this area during the school day (including the noon hour) unless I have permission from an Administrator to move it. I understand that I am not to sit in the car during school hours or allow others to do so. I understand that my car is subject to search if an Administrator has reasonable suspicion that I may be violating school policy. My refusal to allow a search will result in my losing the driving privilege for the remainder of the school year. I shall also update such items as license plate number or any other pertinent information as it may change during the school year.

By Indiana Code 9-14-5, any driver is restricted from parking in spaces reserved for disabled individuals unless the driver is disabled and is legally displaying a disabled placard or plates, or if the driver is transporting a disabled individual and legally displaying a disabled placard or plates.

I understand that improper parking or failing to display the BHS student parking identification can result in my vehicle being towed at my expense.
