GRADE CALCULATION

Grades are calculated on a four-point scale. All AP and Dual Credit courses will receive a grade weight of 1 full point.

* = Grade Weighted Course (1 full point increase)

DC = Dual Credit

AP = College Board, Advanced Placement

The school year is divided into two semesters, each divided into two nine-week grading periods. Each grading period is worth 40% of the final semester grade (Q1 = 40%, Q2 = 40%) and the final exam for each semester is worth the remaining 20%. Students are in school a total of 180 days per year.
