

## We love:

### Our Associates

We put our associates first to create a welcoming and engaging culture where you love to work.

### Our Food

We don't just sell food, we celebrate it; because nothing brings people together quite like food.

### Our Communities

We strive to be a good neighbor in our communities through our **Zero Hunger | Zero Waste** social impact plan.

## We Care:

Everyone is welcome here. And we want the best for associates and our customers.

At Kroger, we strive to help feed your future by offering the ingredients you need to create your own recipe for success at work and in life.

## We reward:

Our associates receive a full plate of benefits, including:

- A competitive Total Rewards package (pay, benefits and more).
- Additional discounts for associates.
- Opportunities to learn, grow and advance.
- Power to make a difference by helping create a world with **Zero Hunger | Zero Waste**.

We top it off with a great workplace and friendly coworkers who care about our customers, communities and each other.
