

# Brownsburg Community School Corporation

## White Lick Elementary School School Improvement Plan 2021-2022

This plan is written in compliance with IC 20-31-5-4, IC 20-31-4-6, IC 20-31-6, IC 20-19-3-12.2 and 511 IAC 6.3-3. Additional input on professional development was sought from IC 20-19-2-11, IC 20-20-31. The technology coordination plan complies with IC 20-20-13. White Lick Elementary School suspends no federal rules or statutes. In compliance with 511 IAC 6.2-3-2, White Lick Elementary School recognizes Sec. 2101(a)3(c)1(B)ii from the 2015 ESSA reauthorization supplants 511 IAC 10-6.

## **Curriculum:**

White Lick Elementary School is aligned to the Indiana Academic Standards as a curricular framework. These standards can be accessed through the Brownsburg School website at [www.brownsburg.k12.in.us](http://www.brownsburg.k12.in.us). Curriculum teams utilize an ongoing curriculum revision process. This process involves researching best practices, participating in grade level study groups, and designing lessons and activities which incorporate differentiated instruction. The curriculum teams create curriculum calendars and develop common assessments. These curriculum maps and assessments are posted on a web-based curriculum mapping program called Curriculum Trak. It allows easy online access, standards mapping, vertical articulation, and a collaborative sharing platform for our staff members.

## **Requirements Pertaining to Goals and Objectives:**

Brownsburg Community School Corporation, and specifically White Lick Elementary School, demonstrates an exceptional history of academic excellence, both in student achievement and growth. Our continuing goal is to remain a top ranked school corporation in Indiana. We will continue to earn a corporation and school level A in the state's A-F accountability model. Our percentage of students passing ISTEP+/ILEARN will continue to rise from the new benchmark established in 2019. Our attendance rate will continue to remain at or above the 95% threshold.

The curriculum, instructional strategies, professional development initiatives, and assessment program outlined below support all students and drive the school's continuous improvement process. Longitudinal goals (like continued ISTEP+/ILEARN success and Graduation Rate improvement) are supported by the daily, smaller, student-focused instructional goals generated through PLCs and RtI.

## **Reduction in Absenteeism**

Brownsburg Community School Corporation, and specifically White Lick Elementary School, has an exemplary attendance record. Chronic absenteeism is rare, and no identifiable pattern of contributing factors emerges. The relationships built between and among staff and students creates an environment that encourages regular attendance. In isolated instances where attendance does become a problem, we utilize the Hendricks County Juvenile Justice System's "Project Attend" to compel student attendance.

## **Name and Description and of Assessments in Addition to ISTEP+/ILEARN:**

- **Accountability Assessments:** This school complies fully with the expectations regarding the administration of ILEARN, IAM, WIDA, and IREAD.
- **Phelps (PKRS-II):** A nationally normed readiness assessment used at kindergarten registration as an at-risk screener.
- **Dibels Literacy:** A nationally normed pre-reading and reading assessment used in grades K-5 as a benchmark screener and progress monitoring tool.
- **ClearSight:** A state normed ELA and Math assessment used in grades 3-8, Algebra I, and Eng10 as a formative benchmark and progress monitoring tool predictive of ISTEP+ and ILEARN.
- **SRI:** An adaptive reading assessment that develops a Lexile aligned instructional and independent reading baseline used in grades K-8.

## **Professional Development Narrative:**

- ***Data Analysis***

- White Lick Elementary School, like all BCSC schools, participates in Professional Learning Communities (PLCs) weekly to provide time, structure, and collaborative opportunity for student-centered data analysis. Working from a common curricular framework, aligned to state standards, teachers use PLC time to evaluate instructional effectiveness as measured by summative state assessments and local formative assessments of varying magnitude. Data is analyzed to determine core program effectiveness and remediative interventions necessary to close achievement gaps.
- Attached is a school level breakdown of key data points tracked as part of our on-going cycle of improvement.
- ***Strategies, Programs, Services, and Activities***
  - White Lick Elementary School delivers a strong core program built upon a clear articulation and integration of the Indiana Academic Standards and a locally developed curricular framework. Our elementary mathematics program, the University of Chicago's Everyday Math, covers the breadth of grade level appropriate content, with remediation and enrichment materials built-in with a well-rehearsed and scripted spiral. Additionally, all ELA teachers have been trained in the Kristina Smeken's 6+1 Trait Writing framework. That approach is the foundation for our process writing instruction. We prioritize our core Literacy and Numeracy programs. Literacy receives a full, uninterrupted, 90 minute block daily. Numeracy received a full, uninterrupted, 70+ minute block daily. Our chief professional development goal is to sustain these core programs through continued staff training in Everyday Math and 6+1 Trait Writing. Our adoption of the "Wonders" textbook as the core elementary reading/language arts curriculum is supported through locally delivered professional development designed by elementary Instructional Coaches.
  - Professional development for 6+1 Writing will continue for staff members. Initial training took place for all English teachers in May, 2012. Formal training continued with two full day Professional Development opportunities each subsequent year, and maintenance training of new staff reoccurs at the start of each school year. Instructional Coaches/English Secondary Department Heads will also provide training to teachers by providing model lessons and planning sessions with a focus on implementation of this initiative.
  - White Lick Elementary School adheres to Brownsburg Community School Corporation's district RtI model. At the elementary level that entails school wide benchmark screenings in literacy and numeracy through the Dibels & AirWays assessments. Students identified as at-risk (Strategic or Intensive) are progress monitored every two weeks. Additionally, they are the focus of increased scrutiny at PLC meetings. PLC data analysis is another key area of professional development that will be emphasized as this important initiative is undertaken throughout the district.
  - White Lick Elementary School's second step in the district's RtI process is targeted placement of at-risk students into learning labs for literacy and numeracy. The district philosophy prioritizes reading and math instruction, and students requiring intensive support forgo science or social studies to receive reading and math interventions in dedicated 30 minute long remediation/reteaching labs. Strengthening these RtI intervention strategies is a third prong of our overall professional development plan.
  - White Lick Elementary School's final component of the comprehensive school improvement process is an RtI tier #3 referral. For some students, those with the most serious of academic deficiencies, additional time on task before or after school may be necessary. An after school tier #3 response provides additional time, as well as substantially different remediative interventions, prior to a special education referral.
- ***Evaluation on the impact of these activities***

- On-going review of local formative assessments and standardized summative evaluations allows White Lick Elementary School staff to monitor core program and RtI progress on a continual basis. Weekly, small-scale PLC review of classroom best practices informs daily practice, quarterly or triannual formative assessments serve as benchmarking screeners that calibrate anecdotal recording keeping, and high-stakes summative assessments serve as a capstone evaluation of student learning and teacher content delivery.
- **Assurances**
  - Principals have completed the IDOE Legal Standards for accreditation assurances.

## **Cultural Competency**

A District Equity Leadership Team has been formed. This group has created trainings which address diversity, equity, and inclusion topics. These staff members have presented these trainings to their colleagues during staff meetings. Brownsburg Community School Corporation has developed a character education plan for use with all of our students. This plan incorporates the use of district-wide PK-13 character traits and components of cultural competency training to provide a well-rounded program.

Our students have opportunities to learn about a variety of cultures through art and music. Books, read alouds and class novels are selected which provide cultural exposure.

## **Provisions to Maximize Parental Participation**

Parent participation is a key component to success within our school. School begins with Back to School Night/Open House when parents are given the opportunity to meet their child's teachers. During this event, teachers share classroom expectations, remediation opportunities, and other important class information. White Lick Elementary School has an active Parent Support Group. Parents with students enrolled in our school are automatically a member of this group. Parents are encouraged to volunteer at our schools. Our volunteers chaperone field trips, work the book store, and facilitate small groups in classrooms.

## **Provisions to Maintain a Safe and Disciplined Learning Environment**

White Lick Elementary School conducts emergency preparedness drills during the school year. These drills include: fire, severe weather, violent intruder, and bus evacuation. The White Lick Elementary School building has a secure entrance. This requires all visitors to enter through the office, identification is verified, and a visitor pass is given when appropriate. All other exterior doors are locked and must be unlocked using a school identification badge.

The five person Brownsburg Community School Corporation Police Department operates daily out of our three secondary buildings. These officers are available throughout the school day to assist each building.

White Lick Elementary School implements a school-wide behavior plan which includes positive behavior support. At the beginning of each school year, behavioral expectations are shared with students through grade level meetings. Procedures and policies are shared with new students as they enroll. Reminders of expectations are posted throughout the school. Our behavior plan was created with input from all staff members. It is the expectation for all staff members to use the same plan to provide our students with consistency throughout the school day.

## **Provisions for the Coordination of Technology Initiatives**

Brownsburg Community School Corporation submitted the required Online Technology Plan last year in full compliance with IC 20-20-13. That plan can be found in its entirety via the secure DOE online system. The document details our comprehensive plan for coordination of technology initiatives. That coordination is best summarized in Section II of the plan:

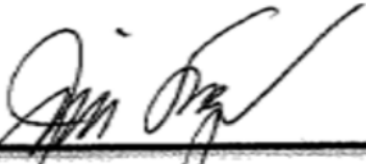

“Wireless networking throughout the campus will allow users to access network resources from personal and school-owned devices. Virtual desktop infrastructure will serve as a secure conduit through which BCSC programs and services will be accessed on and off campus. Software selection and implementation will be closely tied to state curriculum standards. Electronic assessments delivered through BCSC workstations will provide immediate, quantifiable results which will be key to tailoring each student's educational experience to ensure that the maximum educational potential has been achieved. Video projection systems in every classroom, coupled with wireless slate devices, provide for larger than life demonstrations as well as engaging educational lesson plans.”

**Statutory Requirements:**

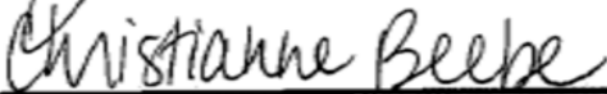

This plan was approved by the Brownsburg Community School Corporation's Board of School Trustees on September 13, 2021.

It can be accessed easily, and in easily comprehensible language, online at <http://www.brownsburg.k12.in.us/>

---

Dr. Jim Snapp, Superintendent of Brownsburg Community School Corporation

\*The ISTEP+ scores above are drawn from IDOE Compass. There' very similar to the GRT after rescores (students tested in BCSC), with small differences I cannot account for.

\*The IREAD scores are drawn from IDOE LC IREAD Status Report.

\*Starting in 2018-2019 ILEARN scores are drawn from IDOE Press Corp/School files and account for 162 days enrolled.
